Copies of representations may be made publicly available. Following receipt of all representations the Secretary of State will either agree to the grant or refusal of the consent (with or without conditions). Notice of the Secretary of State's decision will then be published in the London, Edinburgh and Belfast Gazettes, and on the GOV.UK website.

Within six weeks from the date of publication of the Secretary of State's decision to agree to the grant of consent, an approval as referred to in regulation 11 or the imposition of a relevant requirement in respect of the project as referred to in regulation 11, any person aggrieved by the decision may apply to the Court. The Court may grant an order quashing the grant of consent, the approval or the imposition of the requirement where it is satisfied the action was done in contravention of the requirement to consider the Environmental Statement, any other relevant information or any representations received from relevant authorities or other interested parties. The court may also grant such an order where the interests of the aggrieved person have been prejudiced by a failure to comply with any other requirement of the Regulations. Pending determination of the application by an aggrieved person, the court may by interim order, stay the operation of the consent, the approval or the requirement.
